PROFILE

I am a 5th semester student of Informatics Engineering Study Program at the Faculty of Information Technology, Tarumanagara University, with an interest in Application Developer and Website Developer. I have a basic understanding of HTML, CSS, and JavaScript. I am known as a fast learner, honest, communicative, disciplined, and responsible. In addition, I have an interest in learning new things and am able to adapt quickly in a new environment. I am excited to implement the knowledge and skills I have to contribute to the progress of the company and my personal development.
